

Host an EOEP Course in Your Municipality!

The **Elected Officials Education Program** (EOEP), a joint venture of the AAMDC and AUMA, is Alberta's only professional education program designed for municipally elected officials.

In order to become more accessible to elected officials, the EOEP has begun to work with individual or groups of municipalities to offer courses locally. This can provide many benefits, including:

- Reduced travel costs
- Reduced time commitments
- Scheduling a course at a time that works for all councillors
- An opportunity for municipalities to select a course of their choice
- An opportunity to integrate local or regional examples into course discussions

For more information on hosting an EOEP course, please see the attached Course Hosting Agreement. For any questions, or to begin the hosting process, contact the EOEP Registrar using the following information:

Leanne Anderson
EOEP Registrar
Phone: 780.989.7431
Email: landerson@auma.ca

For a complete list of the EOEP's current course offerings, visit the [EOEP website](#).
