## Staff and Family Cellular Program

The AAMDC understands that many of their members have staff own a personal phone line in addition to their work number. To utilize the benefit generated by the sizeable, aggregated account, the AAMDC is pleased to extend their Cellular Program to staff members and their families.

Similar to the Aggregated Cellular Program, the Staff and Family Plan starts by assessing the benefit of boarding through a cost-savings analysis. Once boarded, users will be provided with access to monthly invoicing and usage details just as they are now. Privacy will be maintained as call details and monthly charges are separated and reported individually.

Participants will also have access to a dedicated wireless service representative. Support staff are prepared to help all end-users with any device issue, billing concern, or hardware order. Centralized management of the account ensures that our representatives will be prepared to answer any questions you may have.

### PRICING, FEATURES, and DEVICES

The Staff and Family Plan provides a simplified pricing structure with a focus on cost containment, flexibility, and simplicity.

All participating users will enjoy:

- Pay-per-use pricing that promotes accountability for consumption.
- Capped pricing for voice, text, and data usage.
- Discounted device hardware.
- Private billing details and monthly invoices.
- Competitive US roaming rates.

Understanding the growing role of wireless devices, the Plan is designed to ensure that there are never any overages charged to your device. **Unlimited usage for voice, text, and data is a guarantee.** There is also no restriction on the type of device that is boarded to the Program.

### PARTICIPATION REQUIREMENTS

To ensure eligibility of boarding devices, all new users must meet the following criteria:

- Boarding phone lines must be out of contract.
- Participating devices must not be locked to any carrier.
- Staff must be a current employee of an eligible AAMDC Member.
- Users must set up pre-authorized payment for their monthly invoicing.

On the last day of employment with an authorized AAMDC Member, participating staff, and all users related to them, will be required to exit the program.
