

Alberta Community Partnership – Local Land Use Planning Grants Available

Alberta municipalities with populations under 3,500 who are working to complete a municipal development plan (MDP) for the first time are invited to submit a grant application under the new, limited-term Alberta Community Partnership (ACP) Local Land Use Planning (LLUP) component from Municipal Affairs.

The LLUP offers grants at maximums up to \$30,000, and are intended to help small municipalities benefit from improved long-term planning standards under the new *Municipal Government Act* (MGA). For the first time, all municipalities in Alberta, regardless of size, are required to complete a MDP by April 21, 2021. Further information on the ACP LLUP component including updated program guidelines and application form are available on the Municipal Affairs website [here](#).

The deadline to apply is February 15, 2018.
