

## REMINDER - Survey on Rural Recreation

The AAMDC would like to remind our members that the survey on rural recreation is currently in progress, and will remain open until **April 6, 2018**. We request one response per municipality but that can be from varying levels of the organization so we encourage you to please forward this survey to your individual councillors, management, programmers, or administrators.

Please click [here](#) to complete the survey.

### Background

The majority of AAMDC members own, operate, and maintain some variety of recreation and parks facilities. These may include, but are not limited to arenas, halls, rodeo grounds, campsites, and parks. Understanding the composition of rural recreation facilities and associated support will help AAMDC advocate on behalf of our members.
