

Infrastructure and Asset Management Alberta (IAMA) Workshop on June 8 – Mark Your Calendar!

Infrastructure and Asset Management Alberta (IAMA) is hosting their upcoming workshop in Red Deer, Alberta on June 8, 2016. IAMA is a network of professionals, organizations, and agencies with an interest in infrastructure or asset management.

June's workshop will provide an opportunity to learn about several issues related to asset management, including how to consider climate change when asset management planning and how to conduct TCA reporting for building assets and disposal.

The IAMA is targeted towards municipal staff and those familiar with or seeking further information on asset management and tangible capital asset planning. The AAMDC is currently a member of the IAMA working group.

Please note, registration is required for this event. To RSVP, [click here](#). Workshop enrollment is limited to 60 participants, so act fast!

The workshop is free to participants, and details of the next meeting are as follows:

Date: June 8, 2016
