

# Taking the Lead, Working Together: Municipal Leadership

What makes an effective leader? How do I develop leadership skills that work for me? How do I adapt my leadership style to different situations?

---

Join instructors Maria de Bruijn and Lisa Grotkowski to work through the steps that will make you a great leader. Examine leadership components such as creating a vision, setting priorities, seeking solutions, enabling action, and managing change. Everyone has the potential to be a natural leader, and this course will give you the skills to get there!

Maria is the founder of Emerge Solutions, while Lisa serves as Emerge Solutions' Lead Analyst and Content Consultant. Both have extensive experience working closely with municipalities in developing leadership skills.
