## Procedures Manual for the Purpose of Gravel Under Roads and Road Allowances

*Alberta Transportation has developed a procedures manual for municipalities and contractors interested in purchasing gravel under roads or road allowances.*

The Alberta Transportation policy, *Sale of Gravel under Roads (TCE-TS-510)* came into effect March 12, 2009. A new guide has been developed that applies to aggregate under roads or road allowances that are under the administration of Alberta Transportation including:

- Mining of aggregate under roads since March 12, 2009
- All surveyed road allowances, highways, and surveyed road plans. The road may be developed, or undeveloped.
- The guide also applies to roads that are not owned by municipalities, but are under municipal control and management

To access the procedures manual, [click here](#).
