## Updated Traffic Accommodation in Work Zones Manual Available

*Manual provides minimum requirements for working in Alberta highway right-of-ways to accommodate traffic*

Alberta Transportation has released an updated [Traffic Accommodations in Work Zones manual](#) for contractors, consultants, and all those completing work in an Alberta highway right-of-way (ROW). The manual details how to safely and effectively accommodate traffic through work zones on Alberta highways and includes drawings of minimum temporary signage requirements. The manual was last updated in 2008.

To access the manual, [click here](#).
