RMA Party Platform Guide Now Available

Check it out for a quick overview of where each major party stands on municipal and rural issues

As part of the “**Where it All Starts**” election strategy, RMA has developed a [Party Platform Guide](#) providing an overview of the key rural and municipal priorities identified by each of Alberta’s major political parties prior to next week’s election. The purpose of the guide is to allow members to quickly scan each party’s position on issues most relevant to municipalities, rural economic development, rural communities, and environment and land use.

All positions summarized in the document are taken from the party’s official website platforms. For information on issues not covered in the guide, please visit the party websites directly.

To access the guide, [click here](#).
