Community Energy Efficiency and Renewable Energy Program Update

Municipal Climate Change Action Centre (MCCAC) releases program update

The **Municipal Climate Change Action Centre** (MCCAC) released an update on the Community Energy Efficiency and Renewable Energy Program. The update includes information on activities for April and May 2019.

General Highlights:

- Created the **MCCAC Facebook page** to expand audience reach and interaction
- Eight opportunities for engagements with municipalities occurred in May 2019
- 43 letters of interest were submitted by municipalities for the **Municipal Community Generation Challenge**. All municipalities who submitted letters and met the challenge criteria received a letter from Alberta Innovates inviting them to participate in Stage 2 of the challenge. The deadline to submit Stage 2 applications is **August 9, 2019**
- 55 Expression of Interest (EOI) for the **Alberta Municipal Solar Program** (AMSP) were received. The Renewables team is compiling information to develop AMSP case studies of previous program participants to share results to municipalities that have not yet participated.

Upcoming Engagements:

- Municipal Community Generation Challenge Network Formation Webinar - June 19, 2019. Register [here](#).
- Municipal Energy Manager Webinar - June 20, 2019. Register [here](#).
