RMA Insurance Renewal Reminder

By now, all RMA Insurance members should have received their pre-renewal confirmations. Many of you have compiled the requested information and returned it to us.

If you have not had a chance to complete your pre-renewal confirmations and return it to our office, we ask that you do so as soon as possible so we can process your final 2018/2019 changes. You will be receiving your renewal package shortly.

RMA Insurance members will see only relatively minor premium increases compared to the market at large, thanks to the stability of our Genesis reciprocal coupled with the solidarity of our membership.

We know that no one enjoys an increase in cost. The last year has seen many catastrophic events both here in Alberta and worldwide. These tragedies have caused billions of dollars' worth of damage and impacted the lives of millions of people. They also have exacerbated an already hardening market, and premiums have increased significantly for many.

RMA has been no stranger to these challenges, with our own program suffering unprecedented and historic losses over the last year. Despite our rate increases, we are confident that our premiums remain among the most competitive in the market. We are also looking to add valuable coverage to our program again this year.

If you have any questions before or after receiving it, please don't hesitate to contact our team at 780.955.3639.
