MAMP Asset Management Grants Now Available

The FCM MAMP program is now accepting applications for grants of up to \$50,000 to support municipalities in building asset management capacity

The Federation of Canadian Municipalities (FCM) **Municipal Asset Management Program** (MAMP) is now accepting applications from municipalities for grants to support the development of asset management capacity. This round of funding builds on the last round of MAMP direct grant funding in 2018.

Grants can be used for a wide variety of asset management initiatives to help municipalities make informed decisions about operating, maintaining, and replacing its infrastructure such as roads, buildings, water supply, and sanitation systems.

More information and application instructions are available on the FCM MAMP website.

There is no deadline to apply, but the call for applications will close when all funding has been allocated.
