

## COMMUNICATE HEALTH PRECAUTIONS

Our new Safety Message Mats help you keep employees and visitors as safe as possible.

The COVID-19 pandemic has changed the way we interact at work and in public spaces. That's why we turned the **Grippy Mat** you know and trust into an effective communication tool for the precautions we all need to follow. And because it's **Grippy Mat**, it provides a safe, slip-resistant walking and standing surface for your employees and visitors.

- **Nonpermanent adhesive** sticks to the floor but pulls up easily without leaving residue; provides flexibility for placement and traffic control — easily customizable to changing business patterns
- **Regular scrubbing won't affect performance**; leave in place to broom, vacuum, mop, wet vac or run a floor scrubber or carpet extractor over it while you clean the rest of the floor
- Clear, durable, **high-contrast marking** will not wear off
- **Presents a clear, concise safety message** in a professional manner
- **More cost-effective** than vinyl decals
- **Sticks to most commercial floor surfaces** including concrete, VCT, linoleum, ceramic tile, quarry tile and laminate flooring
- **Low profile and ADA compliant** for wheelchairs and walkers; does not create issues for heavy foot, cart and other wheeled traffic
- Withstands **extreme foot or wheeled traffic**
