## Spring 2020 Advocacy Report Card Now Available

*The Advocacy Report Card provides updates and statuses for all active resolutions*

RMA is pleased to provide the members with an update on advocacy efforts through the **Spring 2020 Advocacy Report Card**. The Advocacy Report Card is an important part of RMA's efforts to be transparent and accountable to members, as it provides an update on advocacy efforts and the status of all active resolutions. Initial statuses and RMA reactions to fall 2019 resolutions are also included.

Section 1 of the Advocacy Report Card includes the Government of Alberta's responses to resolutions endorsed at the 2019 Fall Convention. Section 2 provides an update on all other active resolutions.

The **RMA Resolutions Database** has been updated to reflect the status changes and developments included in the Spring 2020 Advocacy Report Card.

As an advocacy organization, it is important to note that when a resolution has been assigned a status of "accepted", it is still reviewed for progress and updates during the semi-annual Advocacy Report Card process. Following each review, the status may change depending on any developments that have occurred. Further, after resolutions expire, regardless of their status, RMA continues to reference them when related issues arise.

Resolutions form an integral part of RMA's advocacy efforts. RMA would like to acknowledge the work that the membership undertakes in drafting and debating resolutions that reflect issues of importance to rural municipalities. Endorsed resolutions provide direction for RMA and enable focused advocacy efforts.
