Register Now for Municipal Corporate Planning and Finance Virtual Course – Second Offering

EOEP is offering this previously sold out interactive course a second time!

The **Elected Officials Education Program** (EOEP) has been working hard to find ways to provide access to programs during the COVID-19 pandemic and has developed an exciting opportunity for RMA and AUMA members to participate in a **virtual offering** of the **Municipal Corporate Planning and Finance course**. This course – previously offered in July and August and sold out – has been adapted to include information for elected officials regarding COVID-19 impacts on municipal finances. It will be facilitated by Rodney Boyko, an experienced EOEP facilitator who has previously been involved with revising the content of the finance course.

The course will be offered using a hybrid delivery, some homework reading required by participants, as well as four video chat sessions. This will allow participants to review material on their own as well as participate in group discussions and ask questions during the video chat sessions. The interactive course will be offered with the following schedule utilizing the Zoom platform:

- Session #1: Thursday, September 10, 2:30 – 4:30 pm (this session is an extra 30 minutes to allow for an introduction to the technology used)
- Session #2: Thursday, September 17, 2:30 – 4:00 pm
- Session #3: Thursday, October 1, 2:30 – 4:00 pm (please note that the schedule skips the previous week)
- Session #4: Thursday, October 8, 2:30 – 4:00 pm

The course will be offered at a reduced rate of \$200. Please note that although EOEP encourages as many members of your council to participate as are interested, each participant must have their own device and individual registration to access course materials and video chats.

This course offering comes on the heels of three previous online EOEP courses, all of which sold out in just a few days, so be sure to register early.
