## RMA Insurance RiskPro 2020 Virtual Webinars – Registration Now Open

RMA Insurance is pleased to announce that registration for RiskPro 2020 is now open. Due to COVID-19, the annual spring RiskPro event had to be rescheduled and reformatted. Please register in advance for each of the four sessions:

- September 22, 2020: RMA Insurance Staff – “Who We Are”
- September 24, 2020: Brownlee LLP – Legality of Fire Permitting
- September 29, 2020: Doug Wyseman – Managing Risks Accompanying Decimated Budgets
- October 1, 2020: AON – The “Ins & Outs” of Wrap Up and COC policies

Attending these online sessions will qualify you for 2% RiskPro credit once you have met the audit requirements. The cost for all four sessions will be \$25 per member.

Offering virtual sessions allows us to offer current information on ever-rising home front issues that are applicable to departments throughout your organization. It also allows us to continue risk management training in addition to revisiting the fundamentals of insurance. One of our goals this year is to provide not only insurance and risk management training, but also to educate members to be better prepared to navigate the sometimes complex and confusing world of claims.

RiskPro sessions can benefit and bring educational aspects from an insurance perspective to your whole organization. Successfully implementing a risk management program requires the buy-in of your entire organization, especially from the CAO, senior administrators, management, as well as other related departments such as parks and recreation, healthy and safety, and facility maintenance.
