RMA Trade updates the Office Supply Program

RMA Trade is pleased to announce that **Staples Business Advantage** has been awarded as the approved supplier of the **Office Supply Program**, effective September 1, 2020.

The Office Supply Program is a one-stop shop for all member office outfitting needs, including everything from pens to furniture and kitchen supplies to promotional items, all at preferred pricing and service.

Staples Business Advantage has been an approved supplier with the RMA for over 29 years and is one of the largest office supplies providers in Canada. The new program provides improved pricing on paper, toner, over 400,000 office supply items, and work from home essentials. With sales offices and distribution centres across Canada, all completely accessible through a robust online catalogue at <https://www.eway.ca>, Staples Business Advantage is able to ship goods to most Canadian addresses within 24 hours.

Please note that, with this new change, other office supply vendors are no longer offered through the RMA Office Supply Program.

In order to take advantage of the benefits of the Office Supply Program, organizations must be **registered members** in good standing with RMA Business Services.
