Deadline Set for MAMP Asset Management Grant Applications

Due to high levels of interest, applications for direct funding under the FCM's MAMP program will be accepted until September 22, 2020

The Federation of Canadian Municipalities (FCM) [Municipal Asset Management Program](#) (MAMP) is currently accepting applications from municipalities for grants to support the development of asset management capacity. This round of funding builds on the last round of MAMP direct grant funding in 2018.

When the current round of funding was launched in May, no application deadline was formalized. Due to high levels of interest in the program, FCM has now set a deadline for applications of **midnight ET, September 22, 2020**. Any municipalities currently developing applications are encouraged to [submit by the deadline](#). All applications received before the deadline will be processed in the order of receipt.

A second call for applications will begin on **January 19, 2021**.

[More information and application instructions](#) are available on the FCM MAMP website.
