Submit Feedback on the Draft Code of Practice for Compost Facilities

Alberta Environment and Parks is seeking feedback on the Draft Code of Practice for Compost Facilities.

Alberta Environment and Parks (AEP) is updating the [Code of Practice for Compost Facilities](#) to reflect modern composting standards and improve environmental protection through enhancing requirements related to considerations such as odor management, water resource protections, and setback distances. AEP has developed a draft Code of Practice for Compost Facilities (the Code) and Acceptable Feedstock List for Compost Facilities for stakeholder review and feedback.

The engagement materials for review and feedback include:

- ◇ [The draft Code of Practice for Compost Facilities](#)
- ◇ [Acceptable Feedstock List for Compost Facilities](#)
- ◇ [PowerPoint presentations](#) outlining the different sections of the Code
- ◇ [Frequently Asked Questions](#)

All feedback must be submitted on the [feedback form](#) and it must be submitted by **September 14**.

For clarification or help to complete the feedback form, please contact AEP at AEP.WasteRegualtion@gov.ab.ca
