

January 12, 2021

Alberta Environment and Parks Sportfishing Regulations Engagement Sessions

Alberta Environment and Parks (AEP) will be hosting a series of public online engagement sessions in January regarding fisheries management and proposed regulatory changes. The topics that will be covered include:

- ◆ How recreation management objectives and sportfishing regulations are established,
- ◆ An update on recreational harvest slot limits
- ◆ Options to enhance the Special Harvest Licence program,
- ◆ Updates on native trout recovery
- ◆ Regional, waterbody-specific regulations proposed for 2021 - 2022

All of the webinars will take place over Zoom from **7:00 - 8:30 pm** on the following dates:

- ◆ Introduction to Fisheries Management - January 18
- ◆ Harvest Slot Sizes - January 19
- ◆ Special Harvest Licences - January 20
- ◆ Native Trout Program Update - January 21
- ◆ Proposed Regulation Changes for Central and Southern Alberta - January 25
- ◆ Proposed Regulation Changes for Northwest Alberta - January 26
- ◆ Proposed Regulation Changes for Northeast Alberta - January 27

These webinars will provide background information that will help inform the feedback stakeholders provide on the [2021 Sportfishing Regulation Survey](#), which will open on **January 15, 2021**. The deadline to complete the survey is **February 8, 2021**.

Interested participants must pre-register for each webinar session using the instructions on [AEP's engagement website](#).
