Apply for an Asset Management Grant Through MAMP

FCM's Municipal Asset Management Program is now accepting applications for asset management capacity building grants

The Federation of Canadian Municipalities (FCM) [Municipal Asset Management Program](#) (MAMP) is now accepting applications from municipalities for grants to support the development of asset management capacity. This round of funding builds on the last round of MAMP direct grant funding that closed in 2020.

Grants can be used for a wide variety of asset management initiatives to help municipalities make informed decisions about operating, maintaining, and replacing its infrastructure such as roads, buildings, water supply, and sanitation systems.

There is currently no deadline to apply for this round of funding. The call for applications will close when the funding has been allocated.

For more information, visit the [MAMP website](#), or consult the [application guide](#).

For assistance with applying, contact an FCM advisor by phone at 1-877-997-9926 or by email at programs@fcm.ca.
