Register Now for Rural Connectivity Forum

Cybera is partnering with the Rural Alberta Connectivity Coalition to host an event March 23 and 24 to discuss internet access opportunities

Cybera is partnering with the [Alberta Rural Connectivity Coalition](#) to host the first annual [Alberta Rural Connectivity Forum](#). The free, virtual forum will be held March 23 – 24, 2021. The forum will gather broadband stakeholders, including municipalities, from across Alberta to discuss internet access opportunities for residents, businesses, and public organizations.

Recognizing the central importance of broadband to the province's future, and the lack of a unified response to this problem, the Alberta Rural Connectivity Forum will bring together partners in government, policy, and advocacy to share experiences and workshop solutions.

Panels and speakers will be announced shortly. Registration is [now open](#).
