

February 10, 2021

Attend the Code of Practice for Wetland Replacement Works Webinar

Alberta Environment and Parks (AEP) is hosting a webinar on the [Code of Practice for Wetland Replacement Works](#) on February 23, 2021. The code came into force in 2020 and is a key red tape reduction priority for AEP. The code is intended to reduce red tape for proponents restoring or constructing wetlands. It will also impact AEP staff by replacing [Water Act](#) approval requirements with a notice process for activities that meet the code, which will result in reducing approval wait times.

The focus of this webinar is to:

- ◆ Provide an overview of the code
- ◆ Provide an opportunity for attendees to ask questions

The webinar will be held on February 23, 2021 from 10:00 am to 12:00 pm over [Webex](#). No registration is required.

For assistance with Webex, please contact Mary Raven at mary.raven@gov.ab.ca.
