Registration Now Open for Two EOEP Courses

Virtual EOEP courses will be held in March and April

The [Elected Officials Education Program](#) (EOEP) is excited to announce the opening of registration for two virtual courses. [Council's Role in Service Delivery](#) will be offered in March and [Council's Role in Strategic Planning](#) will be offered in April.

[Council's Role in Service Delivery](#) will be offered in evening sessions, from 7:00 to 8:30 pm on:

- ♦ March 4
- ♦ March 11
- ♦ March 18
- ♦ March 25

[Council's Role in Strategic Planning](#) will be offered in afternoon sessions, from 2:30 to 4:00 pm on:

- ♦ April 8
- ♦ April 15
- ♦ April 22
- ♦ April 29

These courses will be offered using a hybrid delivery, requiring some homework reading by participants, and four video chat sessions. This will allow participants to review material on their own, participate in group discussions, and ask questions during the video chat sessions.

The course will be offered at a rate of \$275. Note that this is an increase from the virtual course cost in 2020. This increase is being implemented for two reasons: EOEP is pursuing a partnership to offer certificates of completion and a fee from each course is collected to provide for future updates to course content.

Please note that although EOEP encourages as many members of your council to participate as are interested, each participant must have their own device and individual registration to access course materials and video chats.

To learn more about the course content, visit the [EOEP website](#).
