Help Write a Chapter for the Environmental Farm Plan Workbook

Alberta EFP is seeking input for a chapter on habitat management

Alberta Environmental Farm Plan (EFP) is looking for farmers and ranchers to participate in [focus group sessions](#) to shape the habitat management chapter in the EFP workbook. EFPs are a voluntary tool available to farmers and ranchers interested in increasing the environmental sustainability of their operations. The goal of the focus groups is to ensure the conservation practices recommended in the workbook are practical for farmers and ranchers to implement on their farms. Participants in the focus group will receive a copy of the 2021 Blue Book and a pair of EFP work gloves.

Those interested in participating are invited to attend one of two virtual sessions:

- ◆ Thursday March 18, 2021 from 1:00 to 3:00 pm
- ◆ Friday March 19, 2021 from 9:00 to 11:00 am

To register, email info@albertaefp.com or call 587.200.2552.
