2021 Census of Population Resources

The Government of Canada has launched a toolkit to share information about the census

Every five years, the Government of Canada engages in a [census of population](#), with 2021 being a scheduled census year. To support the completion of this census, Statistics Canada has developed a [Community Supporter Toolkit](#). RMA members are encouraged to take advantage of this resource to share information about the census and encourage residents to complete the census.

The toolkit includes:

- ◆ A [social media kit](#);
- ◆ FAQs [presented in video format](#);
- ◆ FAQ [documents available in 25 languages](#); and
- ◆ An [FAQ page](#) which includes information on privacy concerns.

Visit Statistics Canada for more information on the [2021 census program](#).
