## Register for Infrastructure Asset Management Alberta's Upcoming Virtual Workshop

*Register for the next IAMA workshop and learn about how to develop an asset management culture, as well as asset management best practices in Manitoba and New Zealand*

Infrastructure Asset Management Alberta (IAMA) is hosting a [virtual workshop in June](#). Workshop programming will be delivered over two days on June 15 and 16, 2021. Each day, virtual programming will run from 9:15 am to 12:15 pm and include an opportunity for networking.

The [workshop agenda](#) will feature presentations on several topics, including:

- ◆ Asset Management in Selkirk – a presentation from the City of Selkirk, Manitoba, a leader in asset management among smaller municipalities in Canada.
- ◆ Owning Your Asset Management System – an overview of how to develop an asset management governance structure and build a culture of asset management, presented by Public Sector Digest.
- ◆ Principles of Asset Management and Sustainability Course – information on a new asset management-focused course offered by the University of Calgary.
- ◆ Infrastructure Down Under – an opportunity to learn about asset management challenges and changes in New Zealand and how they can relate to Alberta, presented by representatives of the Tararua District Council in New Zealand.
- ◆ Breakout discussions on topics such as levels of service, total cost of ownership, and preparing a new council to embrace asset management.

[Workshop registration](#) is \$100, although the rate is discounted to \$75 with the purchase of an [IAMA annual membership](#).

### Who Should Attend?

The workshop is open to anyone interested in building their asset management knowledge. In particular, IAMA encourages attendance by:

- ◆ Councillors
- ◆ CAOs
- ◆ Directors of Finance
- ◆ Directors of Operations
- ◆ Anyone involved in delivering services or managing infrastructure
- ◆ Anyone seeking an answer to the following:
  - ◇ What is asset management?
  - ◇ How much does our infrastructure really cost?
