## Attend a Webinar on Additional Depreciation on Oil and Gas Assessment

*The webinar will examine the complaint made by Canadian Natural Resources Limited (CNRL) related to oil and gas properties in rural municipalities across the province*

The [Alberta Assessors' Association](#) and [RMRF](#) are hosting a webinar to discuss the [complaint filed by CNRL](#) to the Land and Property Rights Tribunal (LPRT), and subsequently appealed to the Court of Queen's Bench following the [LPRT's decision](#). The complaint impacts the assessment of oil and gas property in many RMA member municipalities across the province, and is significant in that it addresses the criteria for applying additional depreciation to assessed properties under Schedule D of the Machinery and Equipment Minister's Guidelines.

The webinar will feature a panel consisting of legal counsel for CNRL, the Provincial Assessor, two municipalities involved in the original case heard by the LPRT, and the Acting Director of Centralized Industrial Property Assessment for the Government of Alberta.

The webinar will take place on Friday, January 28, 2022 from 10:30 am to 12:00 pm. The registration cost is \$35 for AAA members, and \$45 for non-members. To register, complete [this form](#) and return to [info@assessor.ab.ca](mailto:info@assessor.ab.ca).
