Provide Feedback on the Proposed Management Plan for the Yellow Banded Bumble Bee in Canada

Environment and Climate Change Canada is seeking feedback from stakeholders

Environment and Climate Change Canada (ECCC) is developing a [Management Plan for Yellow Banded Bumble Bee in Canada](#), which is listed as a species of special concern under the federal [Species at Risk Act](#) (SARA). For each species of special concern, ECCC is required to develop a management plan that includes:

- ◆ Information on the species and its habitat
- ◆ A management objective
- ◆ Identification of threats
- ◆ Recommendations for broad strategies and conservation measures to address those threats and achieve the management objective.

The deadline to provide feedback on the [proposed management plan](#) is **April 28, 2022**. Feedback can be emailed to SARA.PNR@EC.gc.ca.

RMA will be providing a submission to ECCC and is encouraging RMA members to share their perspectives to help inform our feedback. If you are interested in providing feedback, email feedback to RMA Policy Advisor Alex Mochid at alex@RMAAlberta.com by **March 18, 2022**.
