## Winter 2022 Advocacy Report Card Now Available

*The Advocacy Report Card provides updates and statuses for all active resolutions*

The RMA is pleased to provide members with an update on advocacy efforts through the [Winter 2022 Advocacy Report Card](#). The Advocacy Report Card is an important part of the RMA's efforts to be transparent and accountable to members, as it provides an update on advocacy efforts and the status of all active resolutions.

Section 1 of the Advocacy Report Card includes the Government of Alberta's responses to resolutions endorsed at the 2021 Fall Convention. Section 2 provides an update on all other active resolutions.

The [RMA Resolutions Database](#) has been updated to reflect the status changes and developments included in the Winter 2022 Advocacy Report Card.

The following resolutions were assigned new statuses in the Winter 2022 Advocacy Report Card:

<b>Number</b>	<b>Resolution Name</b>	<b>Previous Status</b>	<b>New Status</b>
<a href="#">18-20F</a>	Municipal Decision-making on Fire Bans in Hamlets Within Forest Protection Area	Accepted in Principle	Accepted
<a href="#">1-19F</a>	Priority of Unpaid Property Taxes on Linear Property	Intent Not Met	Accepted in Part
<a href="#">14-19F</a>	Provincial Funding for Regional Air Ambulance	Accepted in Part	Accepted

It is important to note that when a resolution has been assigned a status of "accepted", it is still reviewed for progress and updates during the semi-annual Advocacy Report Card process. Following each review, the status may change depending on any developments that have occurred. Further, after resolutions expire, regardless of their status, the RMA continues to reference them when related issues arise.

Resolutions form an integral part of the RMA's advocacy efforts. The RMA would like to acknowledge the work that the membership undertakes in drafting and debating resolutions that reflect issues of importance to rural municipalities. Endorsed resolutions provide direction for the RMA and enable focused advocacy efforts.
