RMA Assigns Statuses to Two Resolutions

Following the endorsement of resolutions by RMA members, the RMA forwards the resolutions to the appropriate provincial or federal ministry or organization for an initial response. Based on the response received, the RMA assigns the resolution a status and drafts an initial reaction.

The RMA updates the [resolutions database](#) and issues bulletins with updates as responses are received. The RMA has received additional responses to member resolutions including a response to a resolution passed at the fall convention in 2021 and one passed at the spring convention in 2022. Given these responses, the RMA has drafted an initial reaction to the two resolutions.

The government responses, statuses, and the RMA reactions can be viewed for each resolution on the [RMA resolutions database](#):

7-22S Helicopter Emergency Medical Services (HEMS) Report Funding Recommendations

6-21F Historical Resources Impact Assessments

The RMA plans to release its summer 2022 Advocacy Report Card in late July or early August, which will include statuses and reactions to all other spring 2022 resolutions for which a government response is received, as well as status and reaction updates to all other active resolutions.
