Free Asset Management for Elected Officials Workshops

Do you want to learn more about how your community can benefit from effective asset management processes and how asset management relates to your role as a councillor? Register for a free asset management workshop today.

Asset management is an important tool for councils and CAOs to understand the link between infrastructure and service delivery. It also helps councils to make data-informed, community-minded decisions. This one-day course will allow elected officials to peer into the asset management process and learn more about the benefits.
