Provide Feedback on Proposed Management Plan for Greenish-white Grasshopper

Government of Canada is seeking feedback on management plan

The federal [Ministry of Environment and Climate Change](#) is seeking input on a draft recovery strategy for the [Greenish-white Grasshopper](#). The Greenish-white Grasshopper is found in Southern Alberta, Saskatchewan, and Manitoba relying on White Sagebrush as a host plant.

The draft [management plan](#) can be viewed online, and comments can be sent to ec.planificationduretablissement-recoveryplanning.ec@canada.ca by **October 31, 2022**. If your municipality does provide input, please forward a copy to RMA Policy Advisor Warren Noga at warren@rmaalberta.com.
