## Join RMA Insurance at RiskPro Communities

We are pleased to invite our insurance member organizations to RiskPro Communities. After a few years of virtual, we are all looking forward to an in-person event and seeing everyone face to face.

RiskPro Communities is an insurance and risk management symposium designed to assist our municipal and community group members, in protecting their facilities, residents, and staff. This year, RiskPro Communities will be taking place from May 9 to 10 at the Grey Eagle Resort and Casino in Calgary.

Some of the topics that will be covered include cybercrime and cyber mitigation, severe weather losses, fleet safety and management, and much more. There will also be an exciting Yellowstone-themed dinner and networking event planned for the evening of May 9.

In addition to general insurance topics that will assist all members, this year's symposium will also include content that will benefit staff in administration, public works, asset management, and information technology. Please see the draft agenda on the RiskPro Communities event page for more information.

Registration cost is \$150 per participant and will be invoiced at a later date. The registration deadline is April 28, 2023.

Members who attend the entire event and submit the required documents will qualify for RiskPro credits that can be put towards local risk mitigation efforts.

Please [visit the RMA website](#) to learn more about the event, get information about preferred accommodation rates, and register to attend.
