## Join the FCM's Asset Management Technical Working Group

*Call for Nominations to expand the Technical Working Group for the Municipal Asset Management Program*

The Federation of Canadian Municipalities' (FCM) [Municipal Asset Management Program](#) (MAMP) technical working group is looking to expand its membership to guide the final year of MAMP funding implementation. FCM is specifically seeking members to help fill the gaps in incorporating climate change considerations into asset management, as well as mainstreaming equity, diversity, and inclusion into asset management practices. Voices from smaller communities and different municipal backgrounds are also encouraged to apply. The RMA has participated on the technical working group since the creation of MAMP.

If this opportunity interests you, please fill out the [nomination form](#) by April 18, 2023. Those interested can either self nominate or receive nomination from someone in your municipality.
