RMA Assigns Statuses to Some Spring 2023 Resolutions

Immediately after resolutions are endorsed by RMA members, the RMA sends the resolutions to the relevant provincial or federal ministry or organization for an initial response. Based on the response received, the RMA assigns the resolution a status and drafts an initial reaction.

The RMA updates the [resolutions database](#) and issues bulletins with updates as responses are received. The RMA has received responses to several member resolutions passed at the 2023 Spring Convention. Given these responses, the RMA has drafted an initial reaction to the resolutions.

The government responses, statuses, and the RMA reactions can be viewed for each resolution on the [RMA Resolutions Database](#):

- 7-23S** Revision of the *Alberta Land Stewardship Act* to provide for an Expiration Date in Conservation Easement Agreements
- 10-23S** Victim Services Delivery Model
- 11-23S** Reforming the Bail System to Address Rural Crime
- 13-23S** Municipal Access to Open Data
- 14-23S** Hydrogen Industry Support
- 15-23S** Capital Funding Support for Housing Management Bodies
- 16-23S** Applied Research Associations Funding

The RMA plans to release its 2023 Resolution Status Update - Volume 2 later in 2023, which will include statuses and reactions to all other spring 2023 resolutions for which a government response is received, as well as status and reaction updates to all other active resolutions.
