Register for Final Asset Management for Elected Official Workshop

Sign up for the final free asset management for elected officials workshop in Vermilion

The RMA, ABMunis, and IAMA are hosting the final elected officials workshop of the year on June 8, 2023 in Vermilion. Asset management is an important tool for councils to understand the link between infrastructure and service delivery. It also helps councils to make data-informed, community-minded decisions. This one-day course will allow elected officials to peer into the asset management process and learn more about the benefits. Although the workshop is mainly focused on elected officials, CAOs are encouraged to attend as well to get a sense of the strategic side of asset management.

At a minimum, by the end of this workshop, elected officials will have achieved the following:

- ◆ Develop an understanding of the asset management process to support your work as an elected official
- ◆ Connect with other elected officials and share asset management experiences

[Registration](#) for our Vermilion workshop is still open! The session will include a light breakfast and lunch, as well as refreshments throughout the day.

For more information and to register visit RMAAlberta.com/advocacy/asset-management-training

This initiative is delivered through the Municipal Asset Management Program, which is delivered by the Federation of Canadian Municipalities and funded by the Government of Canada.
