RMA Resolutions Process Change Webinar Recording Now Available

The webinar walks through the changes made to RMA's Resolutions Process Policy

The RMA Board of Directors recently made changes to the [RMA Resolutions Process Policy](#), which provides the framework for how resolutions are written, submitted, debated, endorsed and advocated on. While the changes are fairly minor, they do impact all aspects of the resolution process.

To ensure members understand the changes, the RMA offered two identical webinars on December 20, 2023 and January 9, 2024. The [January 9 webinar is now available to view](#) on [RMA's YouTube page](#). The RMA has also developed a [short guide that provides an overview of the changes](#).

Any questions not answered in the webinar or guide can be directed to RMA Director of External Relations and Advocacy Wyatt Skovron at wyatt@RMAAlberta.com or RMA Vice President and Resolutions Committee Chair Kara Westerlund at kwesterlund@RMAAlberta.com.
