## Plan Your Questions for the RMA Convention Ministerial Forums

For many years, Ministerial Forums have been a highlight of RMA conventions. They provide RMA members with an opportunity to have their questions, concerns and suggestions heard and responded to by Ministers, and ensure that the Government of Alberta has a strong understanding of rural priorities.

To assist members in preparing questions and participating strategically in each forum scheduled for the upcoming RMA Spring 2024 Convention, the ministers that have confirmed attendance for each forum are listed below. **Please note that ministers have extremely busy schedules, and the lists below are subject to change.**
